II. Basis for Jurisdiction

Federal courts are courts of limited jurisdiction (limited power). Generally, only two types of cases can be heard in federal court: cases involving a federal question and cases involving diversity of citizenship of the parties. Under 28 U.S.C. § 1331, a case arising under the United States Constitution or federal laws or treaties is a federal question case. Under 28 U.S.C. § 1332, a case in which a citizen of one State sues a citizen of another State or nation and the amount at stake is more than \$75,000 is a diversity of citizenship case. In a diversity of citizenship case, no defendant may be a citizen of the same State as any plaintiff.

The victim was confined, and recaptured by EMS and brought back to the same hospital where it was forced to live in shit, and have its condition forcibly worsened over time, to the extent that it cannot walk and is paralyzed from the waist down and cannot walk and cannot stand. It could walk before the hospital visit. It cannot walk after. The victim was treated and received medical attention through individuals not wearing gloves or masks. The country is going through a process where humans are being turned into monsters, androids, cyborgs, robots, machines, other forms of alien species where their bodies are undergoing direct harm, through coordinated conspiracy assaults, and there is no way to stop these people from acting upon humans. No one is making it

through life without antagonistic physical resulting attacks of injury or degradation. People are being injured on purpose, intentionally to move them to request in their mind the ability to receive Korea Government transformation process. This is when the korea government comes into the room through nation state alien technology space technology and transforms humans in ways seen in Bionic Six, Captain Commando, Silverhawks, and other shows depicted in 1980s cartoons as fictional. These are government propaganda leaks, and they have done these things to me. They largely and only keep you, mindwiped and you are not aware of what you are doing at all. They keep you in service like a robot, a mindless robot, and I have been through this

personally, millions of times and in the away era, they have done this to me a lot. The secret life of humans on this planet and on this world of a space system, is that they walk around supposedly as if they are choosing but they are robot slaves beyond mind control and there is no asking to get out of the system. They take you. They give you instruction if you are conscious enough and you must obey. At some point in a system, they may have more interaction between bots and things, but that is small and minimal and some may be occurring now. No one is conscious. They are keeping people "out" and that is the term that I use in discussions with NSA and GCHQ about how this is happening. They are letting some humans out of control but that is minimal and upon choice
